Shop in Paralimni, Famagusta

€1,700 /month

 Paralimni, Famagusta

This ground-floor shop in Paralimni offers 163 square meters of internal space, ready for a new tenant to take on. The unit is previously used rather than newly built, giving it an established footprint that a business can adapt to its own layout and signage.

The open ground-floor format gives you flexibility for shopfront display, counter space within the same 163 square meters including the mezzanine floor, without the need to work around multiple floor levels. As a used commercial space, it comes without the finishes of a new build, so incoming tenants should plan for their own fit-out.
